

## DNA Database – Recording Individual Spirit Vibration

---

Pyreaus

*DNA – the building blocks of consciousness, the twin spirals of divine sparkle, containing the unique signature of your Soul, encoded within the holographic matrix of magic and breeze. A most pressing and psychopathological danger is emerging – that of total control in this sphere of existence and if successful will curtail all experience of unique and individual expression. Your own key vibration, sewn into the strands of Life cannot become a prisoner under this barbaric lock, for you are the keeper of the divine and sacred rite of a Sovereign being, the flow and glow seep into the heartbeat of your journey. Treasure this facet of Self.*

# Keeper of the Secret under the eternal Mountain

*'To heal and tune the proclivity within the Collective consciousness, each unique individual must perform this dramatic quest within their own Temple of the eternal Realm. Let thy Souls, friends and companions of sweet and distant memories partake of this shared responsibility and allow the dawn of Truth to shine bright and whole, the ripples of time and space washing the shores, lakes, caverns and mountains of the paradise, a close reflection, breathing jewels bedecked with gleaming agates, Soul of the Earth Mother and Father of the Sky.'*

T. Antoni Grabiec (Facets of Self)

DNA – your *gleaming lifeblood*, the building blocks of consciousness, the twin spirals of divine sparkle, containing the *unique signature* of your Soul, encoded within the holographic matrix of *magic and breeze*. It is this very uniqueness inherent within the fabric of the 'double helix' that makes you so special, giving life to the external signature of your personal journey, stretching along the path of the universal slide of *destiny and fate* - connecting your Spirit with the *Celestial Self*.

You are the Universe and the Universe is You - the character you *breathe essence* into and inhabit is the point where the energy of the Cosmos is *focused* (focal point) the *balancing point* between two worlds - *spirit and matter*. All that is perceived in the physical world is a *reflection*, a flimsy covering of soft satin fabric, behind and beyond where is found the vast sea and spinning points of *inter-dimensional* vortices, the primary being your own Chakra vortex discs, existing as One, much as a resplendent rainbow sliding its magic through *wind and water* – the Gateway to the vast realms of *fantasy, imagination, instinct and intuition*.

DNA in the microcosm and macrocosm of animation exists as a twin, a duality - and as this credence slides along the *dimensional pathways* through the *holomagical* boundless net of *tapestry and domain*, so our ways also manifest the dual facet of Nature. This essential Truth was understood by the Ancients, our Ancestors, the faces of Ages past and future, coming together as one *silent whisper*, right this very moment – the Akashic voice.

A most pressing and *psychopathological* danger is emerging – that of total control in this sphere of existence and if successful will curtail all experience of *unique and individual* expression. The same way in which you need a passport (passing from port to port) to travel around the world, the DNA database serves the same type of prison system, this particular one standing between the Gateway to the *elegant and ornate* Planet of Choice, our *beautiful and special* Planet Earth.

The growth of this horror is a *direct reflection* and is related to the multitude of people throwing away their *personal responsibility*. This is why the essence of Selfhood plays a *vital instrument* in this chapter of living, as it is the very absence of Selfhood in people which causes leviathans to grapple their way *unto the surface* of Life, bringing with them an *agenda of doom*. The *harvesting and cataloguing* of your DNA by those agencies which represent Collectivism and anti-Self is the target of this toxic and maniacal Beast, which will come to devour, once you have thrown your own *personal aspect* aside, the essence which is a symbol of your Soul, the *address within* the sea of Spirit - the Eye of *truth, wisdom* and Purpose.

Those *corrupt and insidious* agencies will use any excuse, *employing a barrage* of fear based tactics and programs to *manoeuvre* you into giving away your Spiritual signature of Soul, *ingrained within* your DNA chain. It is vital that the politics of hate and fear *do not project* from your own being and thus feed the hungry devourer.

Work is being done within the institutions of the *terrestrial terrorists* to completely *map the pathways* of the twin chains of DNA, the end result – knowing where to look to identify the unique Soul vibration, the *wiggly antennae* which *transmit and receive* knowledge from the sea of Ether, the *unique vibratory* code of Self.

If allowed to manifest to the *full abhorrent behemoth* of crushing death and grief, if somehow the DNA database plan succeeds and has the *psychic and spiritual* Soul record of all Beings and Life on the Planet – then here is the *full revulsion* and dismay – your visits here to this place will come to an end if the ‘*false authorities*’ deem it so - as it will simply be a case of identifying the Soul come into Body from the *specific marking* within the DNA strand which symbolizes the *eternal and unique* Soul - yes You, the one reading at this very moment!

Your DNA is made from the *building blocks* of your Parents and your unique Soul, the *essence* that resides under the layers of the blanket, an onion feathered of Light and Shade – bringing *glowing embers* of amity and zest, the world turns in the wake of their flow. When you *choose to manifest*, it is a matter of choice, agreement and contract between the roles of parents and children, your Life path as clear as the *shining moment* in which conception took place – it is a duty to *honour and treasure* this most sacred pact.

*‘I realized that my personal identity is represented by an information ‘broadcast’ derived from the environment, a signal I receive through my unique set of membrane self-receptor proteins. This insight suggests that if I physically die, my identity is still an energy broadcast in the field. If in the future, an embryo shows up with the same set of self-receptor antennas that I now possess, my ‘show’ will be back on the air but playing through a new body. The significant point is that our true identity is the broadcast, not the television.’*

Bruce Lipton (The Biology of Belief)

Your own *key vibration*, sewn into the strands of Life cannot become a prisoner under this barbaric lock, for you are the *Keeper of the Divine and Sacred rite of a Sovereign being*, the flow and glow seep into the *heartbeat of your journey*. Treasure this facet of your Self for it is the *devoted and loving* aspect of eternity.

Take *warning* as the sum of letting go of your true individual Face is a *priceless paradigm* and results in the *imprisonment and total control* of your true Self - the sad road eventually leading to *annihilation of warmth* and the *rising of despair* to heart.

Do *take joy* dear friend, for as long as there exist good hearted Spirits who are *Sovereign over their Destiny, Fate and Journey*, the world will always have an opening where there is no control of quest and purpose by any other authority except the *traveller of experience*, the individual animated by the Soul of Spirit, trusting in the course of the flowering river which provides the *substance of perpetuity*.

Once a Soul stands in their own *truth of character* with Spirit by their side, then *fate and destiny* play side by side and no longer attract the Beasts of burden and misery into the *aural field of choice* – the path on the mountain takes on a sublime and sacrosanct meaning, with *treasures discovered* in every nook and cranny.

*'Taking full responsibility for every aspect of your path is the essence true to the Nature of Freedom of Spirit. When you embrace your Self as a One, then your role as Master and Slave ceases to function and the magical essence of duality unmask the face of beauty and relive the unity mirrored as pleasant ripples above the cascading shore, bringing peace to Being.'*

T. Antoni Grabiec (Facets of Self)

The *authentic essence* of Spirit and Soul always exist and cannot be destroyed - it is how your Soul relates to the *play of perception* that is the *crucial key* to the shifting resonant places of sagacity which hold within the Nature of this seed the *Shift of the Planes*, also known as a *leap Up the ladder of Consciousness*.
